

QUALITY AND ENVIRONMENTAL POLICY

APPENDIX B

QUALITY AND ENVIRONMENTAL POLICY

Grupo Nova Cartographia, S.L. is an organization dedicated to the provision of engineering services in topography, cartography, cadastre, and property delimitation.

Management commits to upholding this Quality and Environmental Management Policy, acquiring a commitment to the requirements and needs of our clients.

This commitment is based on the following guidelines:

- Establish and develop a Quality and Environmental Management System in accordance with ISO 9001 - ISO 14001, complying with applicable legal regulations.
- Plan objectives, targets, and programs by providing the necessary resources and monitoring them through indicators, so as to ensure continuous improvement.
- Satisfy clients by understanding their needs and expectations, providing improvements for their full satisfaction.
- Monitor suppliers and/or subcontractors through their evaluation, ensuring they comply with applicable regulations regarding prevention and the environment.
- Continuously train employees, improving their competencies.
- Comply with the protection of the health and integrity of workers, evaluating the risks to which they are exposed.
- Preserve the environment and its surroundings, raising staff awareness of good environmental practices, complying with regulations on waste management, atmospheric emissions, and noise pollution. The Management of Grupo Nova Cartographia, S.L. commits to reviewing the Quality and Environmental Management Policy, ensuring that all commitments are consistent with the company's objectives, as well as with the expectations and needs of our clients.
